

Idaho AGC Education Foundation

Attention Future Contractors \$1,500 Scholarship Available

The Idaho Associated General Contractors (AGC) is the state's largest, most trusted network of construction professionals. Our more than 650 member companies build the commercial spaces, public works, educational institutions, multi-family housing complexes, retail and manufacturing centers, and other public spaces where everyday Idahoans live, work, recreate, worship, and educate their children along with the roads, bridges, airports, and utility networks that connect them all together.

Through the generosity of its members, the Idaho AGC annually awards scholarships of up to \$1,500 each to full-time, higher education students seeking a career in construction. While each award is for a single academic year, students who receive the award may apply again in the following years. Scholarships are awarded through the Idaho AGC's Education Foundation, a 401(c)3 charity.

Eligible applicants must:

- Be a U.S. citizen OR a legal resident.
- Be enrolled, as a full-time student in an accredited institution of higher education located within the state of Idaho **OR** be an Idaho resident currently living within Idaho and be enrolled as a full-time student in an accredited online institution of higher education.
- Have accumulated sufficient college credit hours to have been designated as a sophomore, junior, or senior.
- Have declared a construction-related major such as Construction Management, Civil Engineering, Material Engineering, Business Administration with a Construction emphasis, or other fields of study directly connected to the construction industry (major declaration must be clearly indicated on transcript).
- Have a cumulative GPA of no less than 2.8.
- Submit a complete application packet prior to the deadline.

--continued--

A complete application packet must include the following:

- A complete and signed application form (attached).
- A transcript (while official transcripts are preferable, unofficial transcripts will be accepted provided that they are formatted in a manner that all relative information is clearly legible).
- An essay of no less than 500 words that covers (1) the applicant's connection to the construction industry, (2) the applicant's construction-related activities while attending school such as participating in student activities, work opportunities within the industry while in school, and internships, and (3) the applicant's future career goals in the construction industry.
- At least one letter of recommendation

Preference will be given to applicants who demonstrate active participation in the relevant student organizations (such as an AGC-sponsored Student Chapter) or other activities (such as the annual ASC Student Competition).

The deadline for the 2023/2024 academic year is 4:00 pm (Mountain) on Monday, May 1, 2023. Incomplete application packets or packets submitted after the deadline will not be considered.

Applications should be sent to:

kcron@idahoagc.org

See page 2 for submittal instructions

Essay Instructions

Provide a statement of purpose explaining why you are pursuing a degree in a construction-related field and what you plan to do after graduation. Please explain why the Idaho AGC Education Foundation should invest in you and what industry contribution you aspire to make during your career. You may also use this platform to showcase your achievements (scholarships, honors, awards), detail extracurricular activities in which you have participated (volunteer, government organizations, etc.), construction related awards or recognition, or any leadership roles or activities.

Your essay should be a minimum of 500 words and no longer than three (3) pages.

Submission Instructions

To complete your application, please include:

- This completed application form
- Essay (instructions detailed above)
- Your most current transcript
- Resume/CV including all construction related employment (if applicable)

Submit application to:
