ADVOCACY

The Idaho AGC works hard every day to ensure that the construction industry's voice is heard by policy makers at all levels of government.

With some of the state's most influential lobbyists on our team, the Idaho AGC is a powerful force in the halls of the capitol. Our relationship with key decision makers in both the Legislative and Executive branches of state government ensure that the construction industry has a seat at the table whenever our industry is discussed.

At the local level, the Idaho AGC works with mayors, county commissioners, school board members, local highway district directors, and others to ensure that each part of our state is represented.

Likewise, our team at the AGC of America in Washington, DC represents your needs before federal regulators at every agency impacting your work.

When you join the Idaho AGC , you are getting a seat at the table; you are becoming an advocate for your industry.

MARKETING & NETWORKING

COMMITTEES →

Joining committees at the Idaho AGC is an excellent way to get engaged with the Association, plug directly into the topics that matter most to your company, stay informed, and have your voice heard: the Idaho AGC is here to represent YOU and it needs your input.

The Association has over sixteen committees, most of which ANY employee from any member company is invited to join.

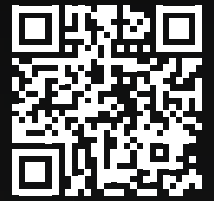

Regardless of what products or services your company offers, there is a committee at the Idaho AGC that would benefit from your participation.

ADVERTISING →

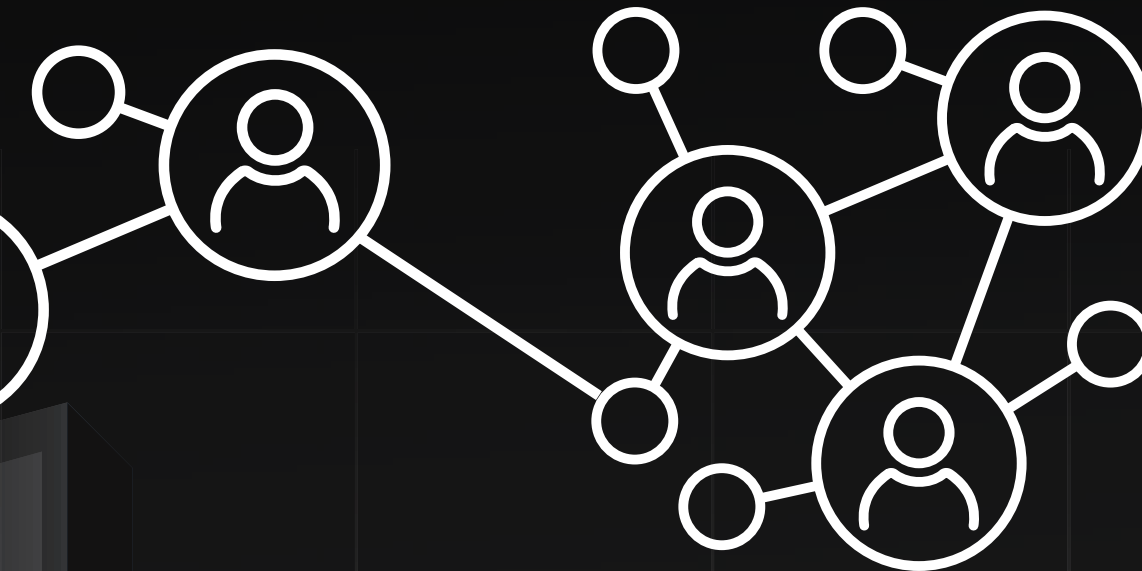

The Idaho AGC publishes and distributes an annual printed Membership Directory and bi-annual industry magazine, *buildingIdaho*. In addition to our website, both publications afford our members the opportunity to connect and advertise, making marketing within the industry easy.

Our searchable, online member directory builds your company's online presence for FREE. This directory exhibits your company logo, description of services, google map, tags your scope of work using CSI codes, and links out directly to your website and social media, making it easy for clients to connect: the online directory sees thousands of views per week!

WORKFORCE DEVELOPMENT

The Idaho AGC's Workforce Development team together with the Idaho AGC Education Foundation are working diligently to bridge the gap of skilled workers in the construction industry in Idaho. Through our partnership efforts with the Idaho Workforce Development Council, Idaho Department of Labor, Idaho Association of Commerce & Industry, Idaho Division of Career and Technical Education (CTE), Idaho community colleges, and Idaho universities, we are working towards creating an improved pipeline of skilled workers for the industry.

Successful Workforce Development Efforts:

- WeBuildIdaho.org
- Home Depot Construction Combines
- Informing and supporting educators through Technical Advisory Committees
- Guest speaking in Idaho classrooms
- Attending High School, College and University career fairs
- Promoting internships and job shadowing

EDUCATION FOUNDATION

- Awarding multiple scholarships annually to students attending Idaho colleges or universities who are pursuing a construction related major
- Supporting student organizations like Boise State University's Construction Management Program and SkillsUSA Idaho.

JOB BOARD

- We host Idaho's ONLY construction industry specific job board, which is FREE to members, and allows your company to streamline your job posting and recruitment processes. Post a job once on the Job Board and enjoy the option of paying to post the position on numerous other job boards with one click.
